FACTOR 1: Staffing Matrix

The offeror shall present their staffing plan to satisfy the requirements of the PWS.

The Offeror shall provide an editable Excel spreadsheet, using "RFQ Attachment 1 – ID03180056003 Staffing Template". In the Staffing Template, the Offeror should identify the following for all positions by CLIN:

- Identify all proposed key personnel with an "x" in the column labeled "Key Position\*"
- EITS II Labor Category
- Skill Level

- Description of position's functional role
- Security Clearance Level
- Government or Contractor Site
- Computing Environment Certifications
- DoD 8570.01M Category
- Location/Work Center (City, Country, Post)
- Number of Positions
- Estimated number of hours
- Calculated subtotals, segregated by the CLINs/subCLINs as delineated in the template.
- Calculated total hours

Under this factor, the Government will evaluate the extent to which the information presents an effective and efficient staffing plan to satisfy the requirements of the PWS. The Government anticipates issuing a Firm Fixed Price Task Order with a cost reimbursable travel task item for a period of performance of 12-months from the date of award with two 12-month options.

The Government is seeking price discounts under this RFQ.
